

CONNECTING KIDS

United Way & Volunteer Services of Greater Yankton, Youth Scholarship Program

PROVIDING FREE OR REDUCED ACTIVITIES TO YOUTH IN THE YANKTON AREA

Families with financial burdens sometimes are unable to enroll their children in activities across the Yankton Area. Connecting Kids Youth Scholarship recipients ensure every child has the same opportunity to get involved in their educational programming.

Last year, approximately 675 children were able to participate in local activities such as the Boys and Girls Club, Boys Scouts, Girl Scouts, and Girls on the Run. Without Connecting Kids, many of those children would not have been able to participate in the same activities as their peers.

Your Heart Club gift of \$250 provides one of the following...

- 10 youth the opportunity to participate in Boys & Girls Club, Before & After School and Summer Programming, for an entire year.
- 16 girls the opportunity to participate in Girl Scouts, which allows them to develop a strong sense of self, healthy relationships, and critical thinking skills.
- 10 young girls the opportunity to participate in Embe's Girls on the Run Program, after school programming that teaches them positive life skills, healthy relationships and healthy lifestyles all while focusing on being physically active.
- 10 boys the opportunity to participate in Boy Scouts, teaching them character, citizenship, respect and responsibility.
